PROJECTS

- github.com/radthenone
- github.com/Krzyzaku21

LANGUAGES

- POLISH - NATIVE C1
- ENGLISH - B2

SKILLS

PYTHON, DJANGO, HTML, CSS, REST API, DATABASES, FASTAPI, REST FRAMEWORK, SWAGGER, JIRA, AGILE, SCRUM, AWS, MYSQL, POSTGRES SQL, VS-CODE, VPS, BASH, WINDOWS, BOOTSTRAP, PSD, GIT, GITHUB, MICROSOFT OFFICE, UNITTEST, DOCKER, NGINX, POSTMAN, POETRY, CURL, ANSIBLE, REACT, JAVASCRIPT, PRAWO JAZDY KAT B

EXPERIENCE

- 2020 - 2023, LUNA - Freight forwarder
Specialization in selling goods, in road transportation.
- 2019 - 2020, TGZ - Security systems designer
Work on cranes, at heights, IP camera system with recorder.
Configuration of the system and server. Installation of alarm gates.
- 2018 - 2019, TEHACO - Production specialist.
Design in AutoCAD, Inventor, water-pressure installation. Creating steel components, ordering products, active participation in production in the water system. Design of ISO seals, implementing modifications. Creating fittings and contact with intermediaries. Supervision over production and assembly. Continuous contact with the lathe operator and miller. Preparation of valve documentation. Active participation in creating water gates, knife gates, and dampers.
- 2016 - 2017, BMTcom - Assistant designer
Implementation of projects in 2D design program MicroStation, SQL databases for the cities of Gdańsk, Gdynia, Warsaw.
Utilizing 3D design tools of Cadna program, including acoustic bridge design. MS Office, Excel, Word. Handling maps in QGIS program..
- 2008, SWOPR Water Volunteer Rescue Service

EDUCATION

- 2014 - 2016 - Politechnika Gdańska - Master's degree
- Faculty of Mechanical Engineering, Field of Mechanics and Machine Design
- Specialization: Internal Security Technology
- Diploma thesis - "Design of a Safe and Functional Shelter"
- 2010 - 2013 - Politechnika Gdańska - Engineer
- Faculty of Electronics, Telecommunications and Informatics, Field of Technical Physics and Applied Mathematics
- Specialization: Applied Informatics
- Diploma thesis - "Development of a JAVA Application for Android Platform"

COURSES AND BOOKS

- CS50's Web Programming with Python and JavaScript
- DoKodu.it - PYCAMP - Python OOP with projects, PYREST - FASTAPI, GraphQLmypy, SQLAlchemy, Docker, PostgreSQL,, Redis, CI, CD, pytest, Celery, Linters
- wiedza.mrugalski.pl - CURL, DOCKER, ANSIBLE, NGINX, Github-Actions
- Strefakursów - React, HTML, CSS, Flexbox, Grid
- Sololearn - SQL, React
- Sams Teach Yourself SQL in 10 Minutes- Ben Forta
- Django 4 - Antonio Mele, By Example
- Crafting Test-Driven Software with Python- Alessandro Molina
- Design Patterns - Erich Gamma

INTERESTS

Running, cycling, tennis, space, forest walks, winter swimming, The Witcher, Tri-City. Books, opera, jazz music, and classical music.
